

Thank you for voting us No. 1! Come see Kathy and Amy for your flooring needs!

WISTERIA LANE | BEST FLOOR COVERINGS

Wisteria Lane is very appreciative and honored to have been named the best place in West Hawaii to get floor coverings.

"We always strive to do our very best," said Kathy Powell, Kona Sales Manager for Wisteria Lane.

Wisteria Lane is your factory direct source for quality hardwood flooring, bamboo flooring, laminate flooring, and resilient flooring for your home or office. The product comes from factories with no wholesale or retail markups.

The "Wisteria Lane Experience" is the process of empowering flooring consumers with the specific knowledge they need to make the best educated decisions so they can draw a conclusion as to what type of flooring they should purchase, from Wisteria

Lane, or from anyone else.

"What sets us apart from our competition is our customer service," Powell said. "We assist our customers from the beginning to the end and even after the installation with product care. We appreciate our customers."

Wisteria Lane also has locations on Maui, Kauai and Oahu, but doing business on the Big Island is something special.

"The best part of doing business in West Hawaii is my love for the Island

and that does not stop in West Hawaii but all of the Big Island," Powell said. "We enjoy helping people pick out their new floors and helping them with the whole project. It's amazing what a new floor can do for a house or business."

Having a stellar company takes hard work, and not just from the people in the building. There are plenty of moving parts that make Wisteria Lane great.

"We would love to thank our Honolulu Staff for all their hard work," Powell said. "They are the glue that holds us all together. Not only do they put the orders together for Big Island but also for Kauai, Maui and the Honolulu store. Most of all, we are very thankful for the owners who had the vision for Wisteria Lane."
